Mission Statement

The Testing Center helps support the institutional mission of South Plains College by supporting student retention and success by providing examinations and resources to assist academic and professional advancement to students and externally to the community. The Testing Center is committed to maintain the highest compliance with nationally recognized professional testing standards and practices, safeguarding confidentiality of student records, and creating an optimal testing environment. Within this framework, the Testing Center:

- Provides a public service by offering computer-based and/or paper-pencil testing services
- Provides assistance to various campus offices in helping students meet their needs for different programs
- Administers national and professional entrance, certification and advanced-standing examinations available to the college and community
- Provides a facility conducive to a quality testing environment which will be clean, comfortable, quiet, aesthetically pleasing and user-friendly
- Subscribes to the National College Testing Association's (NCTA's) Professional Standards and Guidelines for Post-Secondary Test Centers

The Testing Center additionally supports student retention and success by:

- Administering appropriate exams to determine initial course placement
- Referring students to appropriate resources for test preparation and registration

Privacy and Confidentiality

The privacy and confidentiality of all examinee personal information is critical. The test center does not maintain personal files on examinees; nor is information released to any third party or agency or any client receiving services at the test center. Communication of examinee information is restricted to the following: the examinee and the test center; the test center and the test provider; the examinee and the test provider; and the examinee and others as the examinee permits in a written statement.

Security

The Test Center at South Plains College has security measures in place intended to protect against the misuse and alteration of testing materials under our control. Our computer network access to the infrastructure is protected by a firewall protection system. Audio and video taping of examinee information is regarded with confidentiality and privacy.

Examinees

No examinee is permitted access to any area of the test center that contains secure test materials or equipment.

General Test Taking Tips:

- Get plenty of sleep the night before. Lack of adequate rest the night before will affect your efficiency.
- Relax. Too much worry and anxiety is neither necessary nor helpful.
- Mobilize your self-confidence; be positive, your attitude is important!
- Report illness, excessive fatigue, or other conditions that would be a hindrance, prior to beginning the test.
- Take care of any personal needs before the testing begins.

Specific Tips:

- Listen carefully to the oral directions that are given to you.
- Read the checklist carefully and follow the instructions exactly.
- Plan for maximum use of the time allotted for each part of the examination.
- Instructions for each part of the examination must be read and interpreted within given time limits.
- Read the questions carefully.
- **Unanswered questions are scored as incorrect.**
- Work rapidly and answer as many questions as possible.
- Do not waste time puzzling over a difficult question.
- When you have finished the easier questions, if there is time left, go back to any question you may have skipped in that part of the examination.
- If you change an answer to a question, be sure the change is justified.
- An educated, reasoned guess may be worthwhile.
