

**South Plains College**  
**Common Course Syllabus: PSYC 2314 (Lifespan Growth and Development)**  
**SPRING 2024– Sections 002, 604 and 605**

<b>Department:</b> Behavioral Sciences	<b>Prerequisite:</b> TSI reading compliance for Online
<b>Discipline:</b> Psychology	<b>Available Formats:</b> conventional and online
<b>Course Number:</b> PSYC 2314	<b>Campuses:</b> Levelland, Plainview, Lubbock Campus & Downtown Center, Online & Online Dual-Credit
<b>Course Title:</b> Lifespan Growth and Development	<b>Credit:</b> 3 <b>Lecture:</b> 3 <b>Lab:</b> 0

**Course Description:** Life-Span Growth and Development is a study of social, emotional, cognitive and physical factors and influences of a developing human from conception to death.

**This course partially satisfies a Core Curriculum Requirement:** Social and Behavioral Science Foundational Component Area (080)

**Core Curriculum Objectives addressed:**

- **Communications skills**—to include effective written, oral and visual communication
- **Critical thinking skills**—to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information
- **Empirical and quantitative competency skills**—to manipulate and analyze numerical data or observable facts resulting in informed conclusions
- **Social Responsibility**—to include the demonstrated knowledge and competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities

**Student Learning Outcomes:** Students who have successfully completed this course should be to be able to:

1. Describe the stages of the developing person at different periods of the life span from birth to death.
2. Discuss the social, political, economic, and cultural forces that affect the development process of the individual.
3. Identify factors of responsible personal behavior with regard to issues such as sexual activity, substance abuse, marriage and parenting.
4. Explain the biosocial, cognitive and psychological influences throughout the lifespan as an ongoing set of processes, involving both continuity and change.
5. Describe the different developmental perspectives of the major theories of development (i.e. cognitive, learning, humanistic and psychodynamic).
6. Identify examples of some of the cultural and ethnic differences that influence development throughout the lifespan.
7. Discuss the various causes or reasons for disturbances in the developmental process.

**Student Learning Outcomes Assessment:** Andrea McCourt is the faculty member who is responsible for the assessment of the student learning outcomes. She will be sending a list of which SLOs will be assessed for each semester. There are 7 outcomes and these are rotated. Dr. McCourt is also the person responsible for entry of the data into Task Stream for documentation.

**Course Evaluation:** See the instructor's course information sheet for specific items used in evaluating student performance. However, all courses will have multiple exams and written work that is designated by the instructor of record.

**Attendance/Engagement Policy:** Students are expected to engage in class each week in order to be successful in a course. "Engagement" includes learning activities such as attending class, submitting weekly online assignments, completing make-up work, etc. Due to South Plains College attendance policies, any student who fails to engage in three consecutive weeks during the semester or fails to attempt a minimum of two major grades may be dropped from the course with an 'X' or 'F.'

*Students who enroll in a course but have “Never Attended” by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of “X” or “F” as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student’s responsibility to be aware of that policy.*

*It is the student’s responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.*

**Plagiarism and Cheating:** Students are expected to do their own work on all projects, quizzes, assignments, examinations, and papers. Failure to comply with this policy will result in an F for the assignment and can result in an F for the course if circumstances warrant.

Plagiarism violations include, but are not limited to, the following:

1. Turning in a paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail order term paper mill;
2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation;
3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them; or
4. Missing in-text citations.

Cheating violations include, but are not limited to, the following:

1. Obtaining an examination by stealing or collusion;
2. Discovering the content of an examination before it is given;
3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment;
4. Entering an office or building to obtain unfair advantage;
5. Taking an examination for another;
6. Altering grade records;
7. Copying another’s work during an examination or on a homework assignment;
8. Rewriting another student’s work in Peer Editing so that the writing is no longer the original student’s;
9. Taking pictures of a test, test answers, or someone else’s paper.

**Student Code of Conduct Policy:** Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither instructor nor student should be subject to others’ behavior that is rude, disruptive, intimidating, aggressive, or demeaning. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class.

### CLASSROOM POLICIES:

**Respect for Fellow Students:** It is the policy of South Plains College to offer all educational and employment opportunities without regard to race, color, national origin, religion, gender, disability or age. All students will maintain respect for fellow classmates' personal beliefs, values, morals and life situations. In short, "Bigotry will not be tolerated." (Student Guide)

**Disruptive Behavior:** Please be respectful of others and their right to learn in a peaceful educational environment. Disruptive behavior includes, but is not limited to creating distractions, talking out of turn, talking with classmates during lecture, wandering in and out of class, chronically showing up late, chronically leaving early, or improper use of technology. "Failure to comply with lawful directions of a classroom teacher relative to maintaining good order is considered misconduct on the part of the student. Repeated violations of disrupting a class will result in the student being dropped from the course." (See Student Guide)

**Electronic Devices:** Cell phones must be silenced and put away while in the classroom. Devices used for note-taking are permitted, but should be used responsibly and must not create distractions for you or others. Headphones will not be allowed during class.

**Attendance & Administrative Drop Policy:** Attendance will be taken during each class meeting. Students will be responsible for material presented and discussed in class. Due to South Plains College attendance policies, any student who fails to attend two consecutive weeks during the semester or fails to attempt a minimum of two major grades may be dropped from the course with an 'X' or 'F.'

**Tardiness:** Please do your best to manage your time well and be on time to class. If you are tardy, please enter the room quietly and take a seat as close to the door as you can get. Being late to class is disruptive to your fellow classmates. Being late to class is disruptive to your fellow classmates and is therefore subject to the same consequences listed in the Disruptive Behavior policy.

**Academic Integrity:** See College Catalog “Offering the work of another as one’s own, without proper acknowledgement, is plagiarism...” For further information and examples please see [www.plagiarism.org](http://www.plagiarism.org). Handing in work that was submitted for completion of another course will not be permitted. Students found guilty of such academic dishonesty in any form will receive a zero the work in question and will be dropped from the course with an ‘F’ should a second offense occur.

**Late work:** All assignments are considered late if they are not submitted by 11:59 PM CST on the day they are due. For each week that assignments are late, a 10% deduction in the overall grade for that assignment will be enforced. Assignments will not be accepted after two weeks past the original due date, except with instructor permission. Assignments other than the Final Exam will not be accepted after the last official day of class.

It is the student’s responsibility to plan ahead to submit assignments on time. If you are traveling, etc. and are unsure of your access to the internet, it is strongly recommended that you plan ahead and submit assignments and take quizzes early. If for some reason the Blackboard system is down and the class has trouble accessing the quiz (this is rare but has been known to happen) I will work with the class to create a new due date. The key is this: internet access is required for this course, if you are unsure of your potential access submit early!

At times, extraordinary circumstances (death in the family, verified illness, etc.) may occur in student’s lives that impact their assignment submission. In these circumstances, course assignments (e.g., quizzes, written assignments, etc.) might be granted an extension from the instructor. If you feel your circumstances warrant an extension, please email the instructor within one week of the original due date.

**Assignments will not be accepted after the last official day of regular classes (in other words, assignments cannot be submitted for credit during Final Exams Week)**

**Methods for Assessing Expected Student Learning Outcomes:** Quizzes, writing assignments, midterm exam, final exam.

### **Student Access to Office 365**

Microsoft Office 365 is now available to all SPC students. Students will have access to email, file storage, and Microsoft Office applications including Word, Excel, PowerPoint, Access, Publisher, Outlook, Skype and OneDrive by logging into <https://office.com> or <http://portal.office.com/account/#installs> for more apps.

All new student correspondence will be sent to their new o365 email account (student1234@southplainscollege.edu) and also forwarded to their Gmail account that will remain active.

## **COURSE ASSIGNMENTS/GRADING INFORMATION:**

### **Attendance/Participation/Engagement in Class Activities (worth up to 200 points or 20% of the course grade):**

Participation includes being involved in class each week (attending class, being on time for class, participating in class activities, etc.). Part of this grade requires you to participate in discussion and activities. I will drop your lowest two activity grades. If you are here for all of the activities those points will count as extra credit points for the course.

### **Quizzes (collectively quizzes will be worth a total of 300 points or 30% of the overall course grade):**

Most chapters/units will have a quiz primarily based on the textbook to promote your understanding and knowledge of the material. These quizzes will allow you to take stock of your current understanding of the material. Although these are open book and open note, I strongly recommend you do the reading and review your notes first and then test your understanding via the quiz. You must work independently on the quizzes. Quizzes are designed to assess your understanding of the course materials. You will have the opportunity to take each quiz two times and keep your highest score.

All quizzes are taken in Blackboard and are timed. Once you start a quiz, you must complete it. You will not be able to log back into a quiz once you have opened it. Please make arrangements to take each quiz on a computer with a secure internet connection. You must take the quizzes individually. Please see the course schedule for due dates.

### **Exams (worth up to 100 points for each exam for 20% of the overall course grade)**

These objective (true/false, matching, multiple choice exam) will be taken in class. This exam will be cumulative for the first half of the semester.

### **Adult Development Analysis (worth up to 150 points or 15% of the overall course grade)**

For this assignment, students will analyze a modern film that features adults at different life stages (emerging adulthood, young adulthood, middle adulthood, and late adulthood). This analysis involves viewing the film and completing a Blackboard assignment related to the analysis. More details on this assignment will be provided in class.

### **Final Exam (worth up to 200 points or 20% of the overall course grade)**

This online (true/false, matching, multiple choice, short answer) exam will be taken during the first two days of final exam week. This exam will be cumulative. This exam will be posted in Blackboard and must be taken during the time allotted for final exams at South Plains College. Please remember you must take the Final Exam in one sitting, you cannot start it and save it to finish later. You must take the exams individually.

**Make-up exams:** Students should make every possible effort to take each exam on the scheduled date and time. If necessary, students may only take one make-up exam during the entire semester. If you will be missing an exam, you must inform the instructor at least 24 hours prior to the scheduled exam time. If students fail to notify the instructor 24 hours prior to the exam, the make-up exam will automatically be scheduled during finals week. If you fail to attend your scheduled make-up, your grade for that exam will be a zero, no exceptions.

**Grading Policy & Method of Evaluation:****Summary of Assignments**

<b>Assignment</b>	<b>Possible Points</b>
Attendance/Participation/Class Activities	200
Online Quizzes	300
Adult Development Analysis	100
Exam 1	100
Exam 2	100
