ATTENDANCE POLICY

Students are expected to attend all classes in order to be successful in the course. A student will be administratively withdrawn from the course when absences become excessive. The number of acceptable absences shall not exceed 6. When/if that number of absences is reached, the student will be administratively withdrawn from the class with a grade of W or F, at the instructor’s discretion.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period as determined by the instructor. If you are sick, don't come to class. Also, letting the instructor know of an absence in advance is always appreciated.

All grading is based on a one-hundred-point scale:

100-90=	A
89-80=	B
79-70=	C
69-60=	D
59 - 0=	F

Our regular class routine will go as follows. We will be using Blackboard Learn 9 software to complete and turn in all course work, along with the online textbook. There is a reading assignment, a quiz, and an exam for each chapter. At the completion of this work, it will be submitted for grading through the Blackboard program or the text. Due dates accompany each assignment. As stated above, points will be deducted for late work.

It is mandatory that students have access to a copy of the text specified for this course. They are also expected to have access to it every time the class meets. Students are also expected to bring other materials with them that might be needed such as something to write with and on, a laptop computer or other device that allows internet access.

SPC Inclusive Access Syllabus Statement

Inclusive Access:

- Textbook: The textbook and resources for this course are available in digital format through the Inclusive Access textbook program at South Plains College. That means the e-book edition of the textbook and/or all required resources are provided to students through Blackboard from the first day of class. The fee for the e-book/resources is the lowest price available from the publisher and bookstore and is included in the student tuition/fee payment. Therefore, students do not have to purchase a separate textbook or access card for this course.
- E-book features: Access to a cloud-based e-reader is provided by RedShelf via Blackboard. RedShelf e-book features include the ability to hear the text read aloud, highlight, take notes, create flash cards, see word definitions, build study guides, print

select pages, and download up to 20% of the book for offline access.

Visit <https://solve.redshelf.com/hc/en-us/requests/new> for e-book issues and support.

- Opting out of Inclusive Access: As long as they meet the opt-out deadline, students may choose not to participate in the Inclusive Access program if they have a textbook from another source. Students should check with the instructor for advice before deciding to opt out because Inclusive Access is the cheapest option for most students. Students should also find out whether course work is required in an online platform like Mindtap or Connect. If so, students who opt out would be required to purchase access to that platform in addition to acquiring the e-book on their own. To opt out of the Inclusive Access e-book/resources, students need to email tfewell4texasbookcompany@gmail.com before the census date. Students must include their first name, last name, student ID number, and the course they are opting out of in the email. Once students have been opted out of Inclusive Access, they will receive a confirmation email. Students who need assistance to opt out should contact the SPC Bookstore. The Inclusive Access fee will be refunded to students who opt out before the census date for their term of enrollment. The census date for fall and spring is the twelfth-class day. The census date for shorter terms varies between the second- and third-class day.
